

Parkland Golf and Country Club

Location: Parkland, Florida

Architect: Greg Norman

Designed by Greg Norman, the course creates areas that mimic the area's local natural habitats...the cypress swamp, the low hammock and the pine flatland. The golf course promises to challenge all levels of players and ages. Broad fairways are soft and continuous, luring the big hitters to let go with the driver, only to find deep bunkers of many sizes and shapes to catch the errant shot.

Number of Holes: 18

Course Rating: 135

Slope Rating: 74.5
