

The Texas Tour

Location: Texas

Architect: Various

The Texas Golf Tour presents a collection of 18 great holes in the great State of Texas. This course consists of signature holes that include the 7th at Jack Nicklaus' Hills of Lakeway with its spectacular waterfall, as well as holes from Champions, site of the 1967 Ryder Cup, and Barton Hills designed by the great Tom Fazio. The Texas Tour is another shot-maker's course with very narrow fairways and small undulating greens. This is truly a Texas sized golf course.
